Jasper, the perfect corporate team member

Why is *Sled Dog Dachshund* an attractive marketing opportunity for corporations?

Every company wants their employees to be adept at working independently and as a member of a team. Jasper starts out thinking he will win the race himself and soon finds out that he must work with the group. A humorous dog with a feisty spirit, Jasper is the perfect inspirational muse in the corporate environment. The book is family friendly and is now in its second printing.

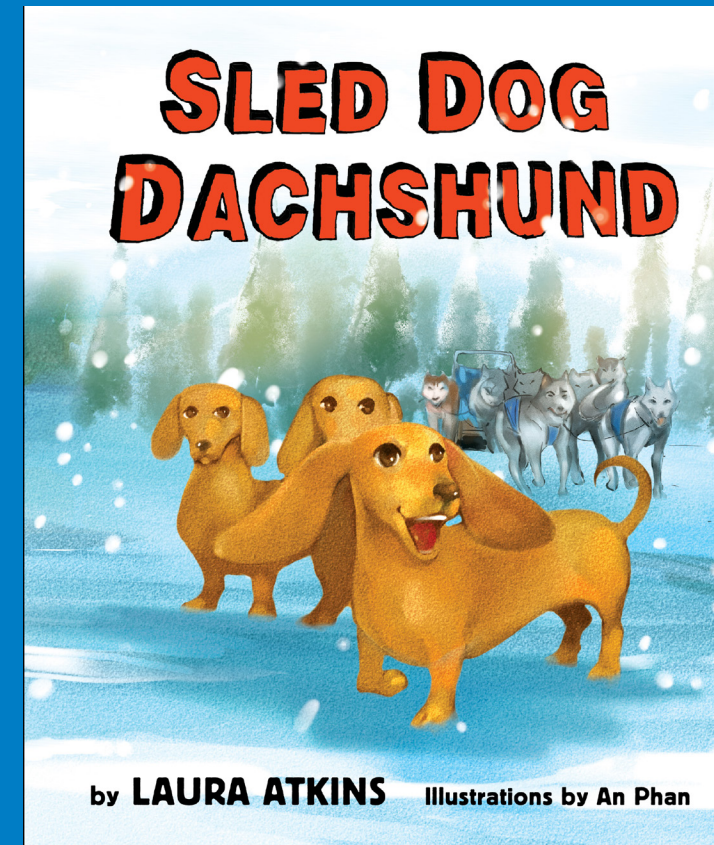

Why will this book appeal to your employees and customers?

People of all ages are told they can't achieve something. How can a small, light dachshund win a sled race? In this book, Jasper's creativity solves the problem. He is never deterred even when others dismiss him. This is a lighthearted story featuring one of the toughest athletic events in the world. It's filled with humor, sportsmanship, and lessons about persistence. His energy and dedication is expressed through the beautiful illustrations in the book.

Does this book tie into a particular city or regional market relevant to your corporate marketing activities?

The biggest sled dog race in the United States is held in Willow, Alaska, but it's an event that appeals to the entire state and the rest of the world, too. Interest in the race is international though anyplace with snow is a prime candidate.

Delight your customers and employees with Jasper

LAURA ATKINS

Sled Dog Dachshund—
Jasper learns about being part of a team

When Jasper the dachshund hears about the world's biggest dog sled race in Alaska, he just knows he can win. And when his family goes to watch the race, he decides to enter. Jasper tries every position, but he's too little and doesn't fit into the sled's harness. That doesn't stop him. Jasper sneaks aboard a team sled and finds a way to become a part of the team. His yappy enthusiasm keeps them moving and Jasper learns how much energy it takes to pull the sled. In the final stretch of the race, his team is neck and neck with another sled. Can Jasper help lead his team to victory? Will they win by a (long, pointy) nose?
