The Memory Book **Tour**

See what a young girl's life was like in the mist of the Austro-Hungarian Monarchy! The Memory Book Tour takes you to the places where Amálka grew up.

In *The Footsteps of Amálka*, you visit Budapest, the Hungarian capital, and nearby Szolnok, her birthplace and former home. Another part of the adventure is the excursion to Transylvania, where she spent holidays and recorded memories of the grape harvests. If you love Linda Fischer's *The Memory Book*, you will love this 5 or 7 day long journey for sure!

You tour Buda and Pest, the ancient and modern parts, including the World Heritage Sites: the Castle Hill, and Andrássy Avenue with the Millennium Monument. Taking you off the beaten path, you will get the full flavor of this magnificent city.

You also visit Transylvania, the mystic homeland of Dracula. The various cultural and material influences, which left their mark on Transylvania's history, made up an important cultural and historic legacy of monuments, ancient vestiges or medieval churches and cathedrals at the side of modern masterpieces.
